PROFESSIONAL SUMMARY

Senior Executive Researcher with 2 years of experience in B2B lead research, data quality control and automation for USA and UK markets. I build Python and Playwright web scrapers and n8n AI agents that collect, verify and deliver research data with far less manual work. Currently pursuing a B.Sc. in Computer Science & Engineering.

SKILLS

- **Research & QC:** Lead generation, prospect research, Sales Navigator, data verification & enrichment, data QA
- **Automation & AI:** n8n, AI agents, OpenAI, Groq, Claude, prompt engineering, Gmail & Telegram APIs, webhooks
- **Web Scraping & Data:** Python, Playwright, Selenium, BeautifulSoup, pandas, openpyxl, Google Sheets API
- **Tools & Languages:** HubSpot CRM, Studio Designer, NeverBounce, Hunter.io, Excel | Bangla, English

WORK EXPERIENCE

Senior Executive Researcher, Market Research
Accord Tech Solutions, Dhaka, Bangladesh | 2 years (Present)

- Lead research and processing with LinkedIn Sales Navigator for USA and UK markets, with data verification, cleaning and QC; company, prospect, Google Review, influencer and funding research; HubSpot CRM research, automation and email campaigns.
- Web scraping and n8n automation to collect and structure research data; product and vendor data QA in Studio Designer (SKU source URLs, image QC, source-file comparison); QC and performance reports on researchers' output in English and Bangla.

PROJECTS

- **AI Email Auto-Reply Agent** (n8n, Gmail API, LLM): detects the intent of each new email and sends a personalised AI reply for leads, inquiries and qualification; saves hours every week.
- **AI Chatbot Agent** (n8n AI Agent, Groq): real-time chatbot with chat trigger, AI Agent and Groq LLM, memory and tool slots ready; built in three nodes without custom code.
- **Support & Telegram AI Bots** (n8n, OpenAI, Telegram Bot API): 24/7 support agent with human hand-off and conversation logs; Telegram assistant with commands, scheduled updates and live API data.
- **Company Funding Research Agent** (Python, Claude AI, SEC EDGAR, USAspending API): turns company domains into verified funding profiles (venture rounds, PPP/SBA/grants), every figure linked to its source.
- **Online Candidate Screening Platform** (Python, HTML, SMTP): LAN-based hiring test with timed MCQs, server-side scoring, anti-cheating logs, live admin dashboard and auto result emails.
- **Facebook Page & Group Post Scraper** (Python, Playwright, pandas): date-range post scraping with exact dates, de-duplication, resumable checkpoints and Excel export.
- **Luxury Furniture Multi-Brand Scraper** (Python, Playwright, BeautifulSoup): five premium brands unified into one Excel schema with SKUs, prices, 30+ dimension fields and image URLs.
- **B2B Lead Databases** (LinkedIn research, email validation): 7,000+ trade-show exhibitors, 33,000+ investor contacts and 6,800+ executive recruiters, enriched and QC-verified.

EDUCATION

- **B.Sc. in Computer Science & Engineering**, Prime University | Ongoing
- **Diploma in Engineering, Computer Science & Technology**, ISTT, Bangladesh Technical Education Board | 2023 | CGPA 3.01/4.00
- **Secondary School Certificate (Science)**, National Bangla High School, Dhaka Board | 2018 | GPA 4.11/5.00

TRAINING & CERTIFICATIONS

- **Cyber Security & Ethical Hacking**, People NTech (Internship, 3 months); **Data Entry**, ISTT (3 months)
