PROFESSIONAL SUMMARY

Senior Executive Researcher with 2 years of experience in market research and operations. Skilled in lead research and verification, data quality control, CRM-focused research and structured reporting. Seeking to grow with a well-established organization where I can apply my skills and contribute to its success while developing professionally. Currently pursuing a B.Sc. in Computer Science & Engineering.

SKILLS

- **Research:** Market research, company and prospect research, lead generation, LinkedIn Sales Navigator
- **Data & Quality Control:** Lead data verification, cleaning and enrichment; product data QC; vendor data QA
- **Tools:** HubSpot CRM, Studio Designer, n8n (workflow automation), Python, AI tools
- **Strengths:** Hard working, strong communication skills, computer literacy, problem solving, quick learner

WORK EXPERIENCE

Senior Executive Researcher, Market Research
Accord Tech Solutions, Dhaka, Bangladesh | 2 years (Present)

- Conduct lead research and processing with LinkedIn Sales Navigator, including data verification, cleaning and quality control for USA and UK markets; research companies, prospects and services (email-based lead, influencer, Google Review and funding research); and support HubSpot CRM research and automation and email marketing campaigns.
- Perform web scraping and AI-assisted automation (n8n) to collect and structure research data and reduce repetitive tasks, followed by Quality Assurance (QA) of the output: product and vendor data QA in Studio Designer for the Coding Department (SKU source URL updates, image quality control, and comparison against source files to identify mismatches, missing information and outdated data), and structured QC and performance reports on researchers' output in English and Bangla.
